

NGSS Practices:

Digging Deeper

Modeling, Argumentation, and Explanation

- Experience phenomena that highlight the NGSS practices of modeling, argumentation, and explanation.
- Reflect on these experiences to understand the integration of the NGSS Science and Engineering Practices.
- Explore instructional strategies that support the development of the NGSS Science and Engineering Practices.

Presenter:

Patricia Garrett

Currently the Director of Math, Science and Educational Technology at SLOCOE, Patricia Garrett has taught grades K-8 and was a Middle School Principal.
