**SAN LUIS OBISPO COUNTY OFFICE OF EDUCATION
PERSONNEL COMMISSION**

General Description

The California State Legislature, through the enactment of Article 5, Section 45220-45226 and Article 6, Section 45240-45320 of the Education Code, has established a Merit System for the Classified Service category of employees.

Legislation also provides that when a County Board of Supervisors transfers to the County Board of Education the duties and functions that grant "fiscal independence" to the County Board of Education, it becomes mandatory that the County Board of Education adopt the Merit System. The Merit System was adopted by the San Luis Obispo County Board of Education on June 1, 1965.

For the purpose of providing general governance for the Merit System, a Personnel Commission consisting of three members is appointed. Their qualifications to be a Commission member are the same as those required for membership on the County Board of Education, with the exception of residency. In addition, all appointees to the Commission must be known adherents to the principle of the Merit System. Through administration of the Classified Merit System, the Commission shall strive for:

1. Equal treatment for all classified personnel.
2. Protection of individual rights as well as the rights of the Classified Service, pursuant to rules and regulations adopted for the classified service.
3. Maintenance of harmonious relationships with the County Superintendent of Schools and the County Board of Education.

Among the several duties of the Commission are the following:

1. Adoption of the necessary rules and regulations for the administration of the Merit System to insure the efficiency of the Classified Service and the selection and retention of employees upon a basis of merit and fitness.
2. Classify all employees not requiring certification qualifications in the appropriate positions, making exceptions for a limited group of special persons and positions.
3. Appointment of the Director of Classified Human Resources and staff.
4. Prepare and adopt an annual budget subject to the approval of the County Superintendent of Schools.
5. Insure that the rules of the Commission and copies of the applicable law are available to all affected employees.
6. Establishment and maintenance of the service records of each classified employee, including name, title, organization unit, salary, changes in status, performance rating and such other personnel information as may be considered pertinent.
7. Recommend to the County Superintendent of Schools a salary schedule for the Classified Service.

The Merit System, in essence, requires announcement of vacancies for which persons will be selected as employees, the appointment of persons from eligibility lists of qualifying persons, and a probationary service period to determine appropriateness of continued employment. After successfully completing the prescribed probationary period, a person is eligible to be deemed a member of the permanent classified service. Dismissal, demotion or suspension of an employee may result from several causes including lack of work, lack of funds, allegations and/or convictions of sex offenses or narcotics offenses and serious and violent misdemeanor and felony criminal offenses. (Rev. 12/17/97)

The Rules found herein are a result of considerable research to satisfy all provisions of the Education Code and related administrative policy. Although the Rules are flexibly tailored to the needs of the San Luis Obispo County Office of Education, we readily recognize that as the Rules are applied and as the law changes, there will be need for modifications.

These Rules have been scrutinized by employees and employee organization representatives, reviewed by legal counsel, adopted by the Personnel Commission and have received the concurrence of the County Superintendent of Schools and the County Board of Education. The Personnel Commission is always open to responsible recommendations and encourages employee participation in all aspects of the Commission's endeavors.

In the event of any conflict between Personnel Commission Rules, any applicable collective bargaining agreement, and the Education Code, the order of precedence shall be:

1. The Education Code (unless otherwise specified)
2. The lawful collective bargaining agreement (for bargaining unit members) (Rev. 11/19/93)
3. The Personnel Commission Rules

An exception to the above is made to exempt from the classified service positions which are established pursuant to Title VI of the Comprehensive Employment and Training Act of 1973 (CETA) as amended by the Emergency Jobs and Unemployment Assistance Act of 1974 and which are limited to projects of not more than one year duration. (Education Code Section 45105.1)

4631.3 Effect of Exemption

With the exception of E above, positions exempted from the classified service shall not be eligible for benefits under these rules. (rev 1/19/05)

4632 GENERAL CLASSIFICATION RULES

4632.1 Assignment of Duties

The employer shall prescribe the duties and responsibilities of all positions in the classified service except those on the Personnel Commission staff. When the duties being performed by an employee are found to be inconsistent with the duties officially assigned to his/her position, the Director shall report the facts to the responsible administrator in order that appropriate action may be taken. (See Rule 4632.7)(Education Code Section 45109) (Rev. 11/20/96)

4632.2 General Nature of the Classification Plan

The Personnel Commission shall establish and maintain a plan of classification for all positions in the classified service. Classes will be placed in groups according to general occupational nature and within groups, shall be listed in series by specific occupation. The list of classes shall contain designation of the salary rate or grade applicable to each class.

4632.3 Class Specifications

For each class of positions, as initially established or subsequently approved by the Commission, there shall be established and maintained a class specification which shall include:

- A. The official class title.
- B. A definition of the class, indicating the type of duties and responsibilities and placement within the organizational scheme.
- C. A statement of typical tasks to be performed by persons holding positions allocated to the class.
- D. A statement of the minimum desirable qualifications for service in the class. These qualifications may include, but are not limited to, education, experience, knowledge, skills, abilities, and physical requirements. (Rev. 11/20/96)
- E. License or other special requirements for employment or service in the class.

Minimum qualifications may never require a teaching, administrative, or other credential, nor may they require work experience which essentially would restrict competition to holders of credentials.

4632.4 Interpretation of Class Specifications

The class specifications and their various parts are declared to have the following force and effect:

- A. The definition and typical tasks are descriptive and explanatory only and not restrictive. They indicate the kinds of positions by their duties, responsibilities, and qualification requirements and do not prescribe what these details shall be in respect to any position. The use of a particular expression or illustration as to duties, responsibilities, qualification requirements, or other attributes is typical or descriptive of the class and does not exclude others not mentioned but of similar kind and/or quality as determined by the Personnel Commission.
- B. In determining the class to which any position shall be allocated, the specification for each class is considered as a whole. Consideration is given not to isolated clauses, phrases, or words apart from their context and from illustrative information in other parts of the specifications, but to the general duties, responsibilities, specific tasks, and qualification requirements as affording a picture of the positions that the class includes.
- C. Each class specification is construed in its proper relationship to other specifications, particularly those of classes in the same series and groups of classes, in such manner as to maintain a proper gradation in the series in which the class is located and proper differentiation within the group of classes.
- D. Qualifications commonly required of the incumbents of all or many offices or positions, such as ability to meet minimum physical requirements, honesty, sobriety, and industry, even though not specifically mentioned in the specifications, are implied in the qualification requirements. (Rev. 11/20/96)
- E. The statement of qualification requirements, when considered with other parts of the specification, is to be used as a guide in the announcement and preparation of tests and in the evaluation of the qualification of candidates seeking appointment to positions allocated to the class, but does not require a particular form or content of test or testing procedure.
- F. The class title shall always be used with the meaning set forth in the remainder of the specification.

4632.5 Allocation of Positions to Classes

All positions substantially similar as to the duties performed and the responsibilities exercised by the incumbents of such positions and as to their qualification requirements shall be allocated to the same class.

4632.6 Changes in Duties of a Position

Any substantial changes in the duties of an existing position shall be promptly reported in writing by the hiring authority to the Director who shall cause the position to be reviewed toward determining whether the position should be allocated to a different classification. The Director shall notify the union representative that a review of the position is being conducted. (Rev. 11/20/96)

4632.7 Working Out of Classification

- A. A classified employee shall not be required to perform duties which are not fixed and prescribed for the position by the Superintendent unless the duties reasonably relate to those fixed for the position by the Superintendent for any period of time which exceeds five working days within a fifteen calendar day period, except as authorized herein.

- B. An employee may be required to perform duties inconsistent with those assigned to the position by the superintendent for a period of more than five working days provided that the salary is adjusted upward for the entire period the employee is required to work out of classification and in such amounts as will reasonably reflect the duties required to be performed outside normal assigned duties.
- C. When employees are required to work out of classification for the period stipulated above, the facts shall be reported to the Director who shall promptly investigate the facts and make the necessary adjustments.
- D. This rule shall not be construed as permitting an employee to refuse to perform duties legally assigned by competent authority. (Education Code Section 45110)

4632.8 Review of Positions

The Director shall review the duties and responsibilities of positions as necessary to determine their proper classification and shall cause all positions to be reviewed at least once every five years. If the Director finds that a position or positions should be reclassified, the Director shall advise the administration of the findings. If the administration verifies the duties of the position or if the duties are not revised to fit within the current classification, the Director shall report said findings and recommendations to the Commission. The Director shall also report in cases where a review indicated that no change in classification is necessary.

4632.9 Establishment of New Positions

When the administration is planning to request the establishment of a new position in the classified service by the superintendent, it shall submit to the Director in writing the duties officially to be assigned to the position. The administration may recommend minimum educational and work experience requirements for the position.

The Director shall:

- A. Review the proposed position with appropriate administrative officials, and
- B. Classify the position to an appropriate existing class, or
- C. Develop a new position specification and recommend to the Personnel Commission the establishment of a new class and its allocation on the salary schedule.
- F. Notify the administration and the Superintendent by memorandum or excerpts from Personnel Commission minutes as appropriate of the classification action taken.

4632.10 Positions Requiring Multiple Languages

- A. The Superintendent may, with the approval of the Commission, designate positions within a class which require the holder of the position to speak, read, and write a language in addition to English.
- B. The Superintendent must clearly set forth valid reasons for placing language requirements on a position.
- C. When a non-English speaking special education student's Individual Education Plan (IEP) requires services to that student in a foreign language, the classified position that provides that service will be opened with the requirement of the applicants being bilingual in the necessary language. The IEP, in and of itself, is a valid reason and will not require specific approval by the Commission. (Added 12/19/01)
- D. An announcement calling for an examination for a class with position(s) containing language requirements will contain appropriate information and will indicate that successful candidates possessing the language requirements will be given preference over other successful candidates, as authorized in Rule 4752.13, but only as to those specific positions.
- E. When a vacancy occurs in a position which has approved bilingual language requirements, the employer will notify the Commission that the need for language requirements continues to be part of the position.
- F. If a request from the Superintendent to designate a position for language requirements is challenged, the Commission shall cause a proper investigation to be made and shall consider the findings and all other pertinent data presented by any concerned and responsible source prior to taking final action on the request.

4632.11 Mandatory Titles

As required by Article 7, Chapter 5, Page 25, Division 3 (commencing with Section 45342), all teacher aide classes of positions shall be assigned a basic title of "Instructional Aide" or other appropriate title designated by the Superintendent. The Commission, in classifying all such positions, shall determine subclasses thereof, if any, and additions to the basic title as well as completing other classification requirements.

4633 REVIEW OF POSITIONS

4633.1 Periodic Classification Study

A complete classification study of all positions shall be conducted periodically, at least once every five years. (Rule 4632.8)

4633.2 Requests for Study

Requests for classification study of existing positions shall be presented to the Director together with a statement of the reasons for requesting study. Requests for study may be initiated by the administration with the approval of the superintendent, or by employee or employee organizations. Requests initiated by the administration shall be accompanied by a statement of the current authorized duties of the position(s) and any prospective changes. Positions will be studied once in a five-year period.

4633.3 Reallocation of a Class (Rev. 10/14/94; 11/20/96; 11/17/2015)

When a class has been reallocated to a higher range, the employee shall receive the next higher dollar amount as related to the then current salary on the new salary range as of the date the new appointment becomes effective. If the amount is less than a five [5] percent increase, the employee shall be placed at the next higher step over that authorized in the preceding sentence. (Rev. 11/20/96)

If the reallocation is to a lower grade, the employee shall be placed on the step to reflect employee's current salary, or the next step above, which would represent an equal amount to or closest to employee's current step, but representing not more than 5% above their current step.

The employee's anniversary date shall not change.

4634 RECLASSIFICATIONS OF POSITIONS

4634.1 Basis for Reclassification

The basis for reclassification of a position shall be the gradual growth of duties. Recommendations as to gradual growth will be made in writing to a reclassification committee consisting of impartial persons appointed by the Superintendent or designee. The committee should be formed of equal representatives from management and classified staff, and will include the CSEA president or designee. Director shall be the ex-officio Chairman/Secretary of this committee. The Committee will consult with manager and employee regarding job duties. 4634.2 Effective Date of Reclassification

When a position has been reclassified, the effective date shall be the date prescribed by the Commission and approved by the employer. (Rev. 11/20/96)

4634.3 Effects on Incumbents

When all of the positions in a class are reclassified to a higher class, the incumbent of the position who has been in the class for two or more years may be reclassified with the position by the Personnel Commission without an examination. When a portion of the positions within a class is reclassified to a higher class, an incumbent who has a continuous employment record of two or more years in one or more of the positions being reclassified may be reclassified with the position as provided by the Personnel Commission rules without an examination. (Rev. 7/1/04)

Employees with less than two years in one or more of the positions being reclassified must pass the qualifying examination for the class in order to be reclassified. Such examination shall be limited to incumbents within the class. Incumbents who are unsuccessful in an examination may remain in their current classification or be transferred to a comparable position at the same rate of pay. (Rev. 11/19/93) (Rev. 7/1/04)

An employee who has been reclassified with his/her position or denied reclassification through a study or other internal process is ineligible to request a review for subsequent reclassification with the position for a period of at least two years from the initial action. - B. This rule shall be followed in all instances of reclassification whether it results in upgrading, downgrading, lateral class movement, bumping, or complete displacement of incumbents.

4634.5 Filling Position When Incumbent Displaced

Any position which is created or changed as a result of a sudden reorganization or assignment of new duties and responsibilities shall be filled through normal selection processes as provided in these rules. An exception may be instituted where the normal process of selection would cause such an unconscionable delay as to interfere with the public business. A finding to this fact, if such an exception is followed, shall be a part of the official records and proceedings of the Personnel Commission.

This rule shall apply only to positions which are occupied at the time of reclassification. If reclassification occurs in a vacant position, the position shall be filled through normal selection processes as determined by these rules. (Education Code Sections 45285, 45308)

- A. Promotional examinations shall be restricted to probationary and permanent employees of the COE and former employees on a valid reemployment list who meet the qualifications of the class. Probationary employees (defined as those employees who hold no permanency in a classification in the COE) may take the exam and be interviewed at the panel but will not be able to be interviewed at the hiring level until completion of their probationary period. A. As long as three ranks are available for work on the promotional list, all openings shall be filled from that list before utilizing the open list. Should no ranks of eligibles (or only one or two ranks of eligibles) be available on the promotional list, the Director may certify sufficient numbers of ranks of eligibles from the open list, in rank order of scores, to provide three ranks for each position to be filled. (Amended 12/8/05) (Rev 3/3/06)

B. No seniority will be awarded. However, Veteran’s credit will be awarded in accordance with MSR 4643.12 and 4643.13. (Rev 3/3/06)

(REFERENCE: Education Code Sections 45260, 45261, and 45272)

4751.6 Dual Certification List

Where an adequate field of promotional applicants does not exist or there is doubt as to its adequacy, the Director may advertise the examination as Dual Certification. The resulting eligibility list shall consist of promotional and open competitive eligibles in one merged list. Veteran’s credit will not be awarded; however, seniority credit for promotional candidates will be awarded in accordance with MSR 4643.12 and 4643.13. (Amended 12/8/05) (Rev 3/3/06)

(Rev 3/3/06; 5/9/12)

4751.8 Confidentiality of Lists

- B. The Director shall ascertain the availability of eligibles and shall certify three ranks to the appointing power in accordance with these rules.
- C. Upon request, information relating to the top three ranks of eligibles that have been certified will be released to the hiring authority, Personnel Commission, or designee. (added 1/07)

- C. The appointing power shall make his/her recommendation from the persons certified and obtain requisite approvals and shall notify the Director who shall see that the necessary employment procedures are carried out.

(Education Code Section 45272)

4752.2 Procedure When Fewer Than Three Ranks Remain

When fewer than three ranks are available for certification, the Director may pull willing candidates from higher eligibility lists within the same job family to fulfill the remaining ranks. If this option does not exist, the available eligibles or ranks shall be certified; however, the recommending authority may choose not to recommend appointment and may request a new examination. (revised 3/22/12)

4752.3 Withholding Names from Certification (revised 1/09)

The name of an eligible may be withheld from certification when that person:

- 1. Expresses unwillingness or inability to accept appointment.
- 2. Fails to respond within two (2) business days following an email, phone call, or other inquiry regarding availability for permanent employment or request to appear for interview regarding such employment.
- 3. Fails to present himself/herself for duty at the time agreed upon after having accepted an appointment unless unforeseen circumstances intervene.
- 4. Cannot be reached in time for appointment when immediate temporary employment is required. (This provision shall apply only to such immediate temporary employment.)

4752.4 Restoration to Certification

A. When the name of a person has been withheld from an eligibility list or from certification or has been removed from the list, it may be placed on such list or restored thereto by the Director under the following circumstances:

- 1. When the withholding or removal was because of the waiver or inability of the eligible to accept employment, or failure to respond to inquiry as to his/her availability, or to present himself/herself for duty, and the applicant presents a good and valid reason and certifies to the Director that he/she is now willing and able to accept appointment.
- 2. When the withholding or removal was for a reason stated in Rule 4642.3 and such action was improper or the defect has since been corrected.

B. As provided in Rule 4752.8(5).

Revisions and withdrawals of voluntary waivers shall not require approval by the Commission.

4752.5 Termination of Eligibility Lists

- A. An eligibility list is automatically terminated six months from date of its approval unless previously extended by the commission.
- B. An eligibility list is automatically terminated two years after its approval unless previously terminated.
- C. An eligibility list is automatically terminated when no eligibles remain on the list.
- D. An eligibility list may be terminated by the Commission when no eligible is available for appointment to a specific permanent position in a class or when there are fewer than three eligibles remaining on the list
- E. An eligibility list is automatically terminated when, in the second year of its existence, a new list for the class is

established.

4752.6 Consolidation of Eligibility Lists

- A. If a new examination for a class is given during the first six months of the life of an existing list, the examination shall be sufficiently similar to the previous examination to ensure the comparability of the scores of eligibles. The new list shall then be merged with the existing list with eligibles ranked in the order of examination score, plus additional points where applicable. Promotional lists shall be merged only with promotional lists, except that where "dual certification" applies, open and promotional lists shall be merged for certification.
- B. When lists are consolidated under this rule, the earlier list shall be terminated six months after its establishment and those eligibles' names shall be removed from the consolidated list.
(REFERENCE: Education Code Section 45291)

- B. An eligible who has been certified shall be allowed two weeks following the receipt of his/her criminal history clearance to report for duty after an offer of appointment to a vacant position has been made and following receipt of criminal history background clearance by the Human Resources Department from the California

The recruitment bulletin announcing the examination shall indicate the language which may be required in one or more of the positions in the class.
- B. In such an instance, the Rule of Three (3) or Rank of Three (3) is suspended. The Director shall determine which eligibles possess the required language skill and shall certify the names of three (3) qualified eligibles or ranks of eligibles, in the order of their relative standing on the list, who are ready and willing to accept the position.
- C. If there is an insufficient number of eligibles who meet the language requirements and who are ready and willing to accept the position, the Director shall certify for appointment those possessing the language requirements who are ready and willing to accept the position plus additional eligibles or ranks of eligibles from the top of the list to provide a full list of three eligibles or three ranks.

4761 PROBATIONARY PERIOD

4761.1 Duration of Probation

- A. Bargaining unit members appointed from an eligibility list shall serve an initial probationary period of six months or 130 days of paid service, whichever is longer, in one class before attaining permanency in the classified service.
- B. For those classes designated by the Commission as Executive, Administrative, Management, or Supervisory, the probationary period will be for one year. (Amended 5/25/05)
- C. For those positions designated by the Superintendent as Confidential, the probationary period will be for six months or 130 days of paid service, whichever is longer, in one class before attaining permanency in the classified service. (Amended 2/28/96; 12/15/04; 5/25/05, 9/28/05)
- B. Time spent on a paid or unpaid leave of absence shall not accumulate towards the computation of the probationary period. (Rev. 12/15/04)
- C. A person in a limited-term position of the type defined in 4763.1A shall not attain permanent status.

4761.2 Rights of Probationary Employees

- A. A new employee who resigns in good standing during the initial probationary period shall, upon request, have his/her name restored in proper rank to the eligibility list. Such action shall not extend the life of the eligibility list or the period of eligibility of the employee.
- B. A new employee who is suspended or dismissed during the initial probationary period shall be notified in writing of the action taken. He/she shall not have the right of appeal.
- C. An employee who has permanent status in the classified service, and who has been promoted to a higher class, may be demoted involuntarily to his/her former class. The employee shall be notified in writing of the action and the charges against him/her and shall have the right of appeal provided in Rule 4769.3B.
- D. A permanent employee who is suspended or dismissed or demoted to other than his/her former class during a probationary period retains full rights of appeal.

4762 CHANGES IN POSITION AND CLASS

4762.1 Transfer

- A. A new employee may be transferred at his/her request or for the good of the service from one position to another in the same class at the discretion of the department head(s) involved, provided that such action shall not be taken for punitive or preferential reasons.
 - 1. A request for a transfer may be filed with the Personnel Commission at any time. At the time an opening develops for which an employee has requested a transfer, the supervisor in that division will be apprised of the employee's interest. It will remain discretionary with the supervisor as to whether an interview will be held. Should the supervisor desire an interview, the Director will set up an interview with the employee and the supervisor where the opening occurs.
- B. A permanent employee may be transferred to a position in a related class on the same salary grade. Such transfers shall be made only with the approval of the Commission.
- C. Lateral transfers shall not change the employee's salary rate, anniversary date, accumulated illness leave, or accumulated vacation credit, or in any other manner reflect adversely upon his/her rights, as provided in law and these rules.
- D. The Personnel Commission shall determine whether classes are sufficiently related to permit transfer between them. It shall consider similarity of duties, minimum qualifications, examination content, occupational group, and promotional field (above and below). In general, more latitude is permitted:
 - 1. As the employee's seniority in the classified service increases.

2. When the transfer request is based on reclassification, impending layoff, or reasons of health.
 3. When the employee meets the minimum requirements for the class.
- E. A permanent employee who transfers to a position in a class in which he/she has not previously completed a probationary period shall be considered probationary in that class for a period of six months/130 working days. At any time during the probationary period, the employee may be returned (transferred) to his/her former class with the same right of appeal as a permanent employee who is demoted or dismissed.
- F. Transfers shall have the following effect on seniority:
1. Within the same class--none.
 2. From one class to another--the employee shall not receive seniority credit in the new class for service in other classes; however, the employee shall retain such credit as applicable to seniority in the classified service.
- G. Transfer shall not be used as a device to alter the sequence of impending layoff, although employees whose positions are to be eliminated may transfer to other classes as this rule contemplates.
- H. Reasons for any transfer which is not voluntary shall be discussed with the employee by his/her immediate supervisor.

4762.2 Demotions

- A. A permanent employee may request demotion to a class with a lower maximum salary rate. Such requests require the approval of the department head and that of the head of the department to which the employee is to be assigned. In the case of demotion, the employee shall remain on the same salary step in the new class as he/she held in the former class.
- B. Voluntary demotion is a privilege available to the probationary employee only in cases when he/she would otherwise be laid off for lack of work or lack of funds.

4762.3 Restorations, Reemployment, and Reinstatement

- A. A former permanent employee who resigned in good standing from his/her permanent classified position may be reinstated or reemployed by the Superintendent within 39 months of his/her last day of paid service and without further competitive examination to a vacant position in his/her former classification as a permanent or limited-term employee, in a related lower class or a lower class in which the employee formerly had permanent status. Such actions are discretionary with the Superintendent.

If the Superintendent elects to reinstate or reemploy a person as a permanent employee under the provisions of this section, the break in service of the employee shall be disregarded. The employee shall be classified as a permanent employee in the class in which he/she is reinstated or reemployed, and all of the rights, benefits, and burdens of a permanent employee shall be restored.

- B. An employee who has taken a voluntary demotion may be restored to his/her former class or to a related lower class, as determined by the Commission, within 39 months. Except when demotion was chosen in lieu of layoff, restoration is discretionary with the appointing authority.
- C. An employee who has accepted demotion in lieu of layoff for lack of work, lack of funds, or abolishment or reclassification of his/her position has the right to be reemployed, in accordance with seniority, in his/her former class within 39 months after demotion. Intervening reassignments to other classes shall not abrogate that right.
- D. Persons laid off because of lack of work or lack of funds are eligible to reemployment for a period of 39 months and shall be reemployed in preference to new applicants. In addition, such persons laid off have the right to participate in promotional examinations within the SLOCOE during the period of 39 months.
- E. Reinstatement or reemployment of a former employee shall have the following effects:
1. Restoration to the former step in the salary for the class, or, if reemployed in a lower class, to the rate closest to that of the step to which he/she would be assigned if he/she were reinstated in his/her former

- class.
- 2. If restored to permanent status, restoration of accumulated sick leave and seniority except sick leave paid off in accordance with County Board of Education Resolution 75-15.
- 3. Restoration of former anniversary date, but without step-advancement credit for off-duty period. (Education Code Section 45309)

F. Reemployment of a laid-off employee shall have the following effect:

- 1. Restoration to the former step in the salary for the class, or if reemployed in a lower class, to the rate closest to that of the step to which he/she would be assigned if reemployed in his/her former class.
- 2. If restored to previous status, all time during which individual is in involuntary unpaid status shall be counted for seniority purposes not to exceed thirty-nine (39) months, except that during such time the individual will not accrue vacation, sick leave, holidays or other benefits.
- 3. If restored to previous status, accumulated sick leave shall be restored except sick leave paid off in accordance with County Board of Education Resolution 75-15.
- 4. If layoff is for one calendar month or less, there shall be no change in the anniversary date and/or date eligible for step increase.
- 5. If the layoff period is for more than one calendar month, the anniversary date and/or step increase shall be adjusted by one calendar month for each calendar month of absence. This rule shall apply to both short-year and full-year employees equally.

4762.4 Decreases in Assigned Time

- 1. When the regular hours of employment of a position or positions are to be reduced, the administration shall:
 - a. Determine the class(es) and location(s) affected by the reduction;
 - b. Notify the Director at least one month in advance of the effective date of the reduction;
 - c. Work with the Director to alleviate the effect of reduction on employees.
- 2. When a permanent position is to be reduced in assigned time per day, week, month, or year, the incumbent shall have the right to transfer into any vacant position in the class which is not greater in assigned time than his/her former position. If a vacant, permanent position of equal time is not available, the incumbent may bump the incumbent of a position with equal time who has the least seniority in the class, provided that he/she has greater seniority. If no such option is available, he/she may bump the employee with the least seniority among those occupying positions of less time than the original position and greater time than the reduced position, provided that he/she has greater seniority. An employee so bumped shall have similar bumping rights.
- 3. When an employee is faced with a reduction in assigned time, the rules on transfer and demotion shall be given a liberal interpretation in order to relieve the effect of such reduction.
- 4. Reduction in assigned time shall not be applied for punitive or preferential reasons. Nothing in this rule shall preclude an employee from volunteering for a reduction in assigned time or from waiving preferential rights to increases in assigned time.

4763 LIMITED-TERM EMPLOYMENT (Revised 6/07)

4763.1 Types of Limited-Term Appointments

- A. A position that is open due to the authorized absence of the regular employee that is greater than 15 days in length will require a limited-term appointment, when possible, if an eligibility list exists. (revised 1/07) A limited-term assignment may be made not to exceed in duration of the authorized absence of the regular employee but it need not coincide with the dates of that absence. Also, a limited-term assignment may be made in a lower class related to that of the absent employee if the assigned duties are reduced in level accordingly. A person in a limited-term position of this type shall not attain permanent status. (revised 3/07)

- B. When such emergency appointments are made, it shall be the duty of the Superintendent to notify the Director in writing, naming the appointee or appointees, date of appointment, and nature of such appointments. With his/her supervisor's approval, an employee may utilize vacation time that is not yet accrued, provided that it is within the current year's accrual. No advance of vacation time into future year's accruals will be permitted. (Rev. 8/20/97) (Rev. 7/21/04)
- F. Vacation schedules shall be prepared by the administration. Effort shall be made to enable vacation to be taken at times convenient to the employee consistent with the needs of the service and the work load of the department.
- G. The rate at which vacation is paid shall be the employee's current rate. If an employee is receiving out-of-classification pay and takes a vacation during the out-of-class period, vacation pay shall be at the employee's out-of-class rate of pay. (Amended 9/8/95)

- H. Upon separation from the classified service, a permanent employee shall be paid for his/her accumulated vacation credit at the rate of pay applicable to his/her last regular assignment.
- I. When an employee has accumulated the maximum allowable vacation credit and when a critical emergency prevents his/her being off duty, the nature and duration of the emergency shall be reported to the Commission. The Commission may authorize payment in lieu of vacation earned above the maximum or may permit the accumulation of excess vacation for the duration of the emergency. (Education Code Section 45197)
- J. If an employee's vacation becomes due during a period when he/she is on leave due to illness, injury or bereavement, he/she may request that the vacation be changed, and the employer shall grant such a request in accordance with vacation dates available at that time. The employee may elect to have the vacation rescheduled in accordance with the vacation schedule available at the time or may request to carry the vacation to the following year.

4770.2 Paid Sick Leave

- A. Sick leave is the authorized absence of an employee because of illness or injury or exposure to contagious disease.
- B. A regular classified employee (probationary and permanent) shall earn paid sick leave in accordance with the provisions of Education Code Section 45191. Unused sick leave may be accumulated without limit.
- C. At the beginning of each fiscal year, the sick leave balance of the employee, except school-year employees, shall be increased by the number of days of paid sick leave which he/she would normally earn in the ensuing fiscal year. School-year employees shall receive their sick leave accrual in September. An employee's sick leave balance shall be adjusted if a change of assignment alters the amount of sick leave earnable. (Rev. 12/17/97)
- D. Paid sick leave may be taken at any time. However, a new employee shall not be eligible to take more than six days until the first day of the calendar month after completion of six months of active service. In the event an employee terminates and has used more sick leave than the one day per month accrual rate, any leave in excess of such accrual will be deducted from the final check.
- E. Pay for any day of sick leave shall be the same pay the employee would have received if he/she had worked that day. If an employee is receiving out-of-classification pay and uses sick leave during the out-of-class period, sick leave pay shall be at the employee's out-of-class rate of pay. (Amended 9/8/95)
- F. In order to receive compensation while absent on sick leave, the employee must notify the supervisor of his/her absence within the first working hour of the first day absent unless conditions make notification impossible. The burden of proof of impossible conditions shall be upon the employee.
- G. At least one day prior to the employee's return to work, he/she shall notify the supervisor and/or answering service in order that any substitute employee may be terminated when applicable. If the employee fails to notify the supervisor and/or answering service and both the employee and substitute report, the substitute is entitled to the assignment, and the employee shall not receive pay for that day.
- H. An employee absent for four consecutive working days or more may be required to present a physician's statement including the date the employee is able to return to work activities (amended 5/25/05).

4770.3 Catastrophic Leave

- A. Catastrophic Leave pay will be administered in accordance with CSEA Contract and Management Handbook guidelines. (Rev. 11/15/06)

4770.4 Termination of Sick Leave

- A. An employee who has been placed on paid or unpaid sick leave may return to duty at any time during the leave provided that he/she is able to resume the assigned duties; and if the leave has been for more than 20 working days, provided that he/she has notified the SLOCOE of his/her return at least three working days in advance and possesses a doctor's release to return to work in his/her normal capacity.
- B. If, at the conclusion of all sick leave and additional leave, paid or unpaid, granted under this rule, the employee is still unable to assume the duties of his/her position, he/she will be placed on a reemployment list for a period of 39 months. His/her reemployment will take preference over all other applicants except for those laid off for lack of work or funds in which case he/she shall be ranked according to proper seniority.

4770.5 Industrial Accident and Industrial Illness Leave

Leaves resulting from an industrial accident or industrial illness shall be granted in accordance with the provisions of Education Code Section 44043 and 45191 and this rule.

- A. An employee in the classified service who has been employed for a period of at least one (1) year shall be granted a leave of absence with pay when he/she is absent due to an industrial accident or illness in accordance with the following:
1. Such leave shall be for a maximum of 60 working days in any one fiscal year for the same accident. In the event that the 60 days will overlap into the next fiscal year, the employee shall be entitled to only those days remaining at the end of the fiscal year in which the accident or illness occurred. Such leave shall not be accumulated from year to year.
 2. During all paid leaves of absence required as a result of industrial accident or industrial illness whether industrial accident leave, sick leave, vacation or other paid leave, the employee shall endorse to the County Schools Service Fund wage loss benefit checks received under Self-Insurance for Public Employees Fund. The County Schools Service Fund, after receipt of the endorsed check, shall issue the employee full payment of salary and shall make normal payroll deductions.
 3. An employee's industrial accident leave shall be suspended automatically for any period which he/she is not within the State unless the employee has obtained prior approval of the County Office of Education for absence from the State.
 4. Industrial accident or illness leave shall be reduced one day for each day of authorized absence regardless of a temporary disability indemnity award. Leave required for recovery from an illness or accident that is job related shall not be deducted from the employee's accrued sick leave total until industrial accident and illness leave has been exhausted.
 5. The employee shall receive that portion of his/her monthly salary which when added to the temporary disability compensation will not exceed his/her monthly salary.
 6. During all paid leaves of absence as described above, the employee shall endorse all checks received under the Worker's Compensation Law to the SLOCOE. The SLOCOE, after receipt of the endorsed check, shall issue the employee appropriate salary warrants for payment of the employee's salary and shall deduct normal retirement and other authorized deductions.
 7. The employee shall secure a medical release before being permitted to return to work.
 8. When all paid or unpaid leaves of absence have been exhausted following an industrial accident or industrial illness or in the event an employee is not eligible for industrial accident or illness leave, the employee's name shall be placed on the reemployment list for the class from which he/she was on leave, for a period not to exceed 39 months.
 9. Paid industrial accident leave shall be granted, as indicated in the employee's assignment, from the first day of absence to and including the last day of absence resulting from each separate industrial illness or injury.
 10. The industrial accident or illness leave of absence is to be used in lieu of entitlement acquired under Education Code Section 45191. When entitlement to industrial accident or illness leave has been exhausted, entitlement to other sick leave will then be used; but if an employee is receiving worker's compensation, the person shall be entitled to use only as much of the person's accumulated or available sick leave, accumulated compensating time, vacation or other available leave which, when added to the worker's compensation award, provide for a full day's wage or salary.
 11. The additional or extended sick leave benefits shall commence on the first day of illness or accident and shall run concurrently with all other authorized leaves. (Education Code Section 45196)

4770.6 Bereavement Leave

For classified non-management, an employee will receive Bereavement Leave in the amount of four days of paid noncumulative leave due to the death of an immediate family member, six days if travel of 200 miles or out of state.

For classified management, an employee will receive Bereavement Leave in the amount of six days without loss of pay due to the death of an immediate family member.

(Reference: Education Code 44985 and 45194) (revised 7/13)

4770.7 Personal Necessity

Personal Necessity Leave provides employees the opportunity to address circumstances which are serious in nature, cannot be expected to be disregarded, necessitate immediate attention, and cannot be dealt with outside the work day. Up to seven (7) days of sick leave may be used as Personal Necessity Leave per year. Personal Necessity leave does not accumulate from year to year.

Employees must request this leave at least five (5) working days in advance to allow for adequate planning for coverage of duties. If at least a five (5) working day notice is given, the employee shall not need to provide a specific reason for the use of Personal Necessity Leave. For use of leave in less than five working (5) days, the employee shall be required to provide a specific reason for use of Personal Necessity Leave that shall conform with the criteria below:

- Death of a member of the employee's immediate family when additional leave is required beyond that provided in Bereavement Leave.
- Accident, involving the employee's person or property, or the person or property of a member of his/her immediate family.
- Appearance in any court or before any administrative tribunal as a litigant, party, or witness under subpoena or any order made with jurisdiction.
- Circumstances which are serious in nature, which cannot be expected to be disregarded, which necessitate immediate attention, and cannot be dealt with during off-duty hours.
- Nationally recognized religious holidays of major religions.
- Paternity Leave.

Personal Necessity may be denied if the request is received in less than five (5) working days or if there is a certifiable operational need to deny the request. Additional leave may be granted for family illness on a case by case basis. Personal Necessity Leave may not be used for Association business, personal gain, or recreational purposes. Any proven misuse may subject the employee to disciplinary action.

Personal Necessity Leave is not intended for use for any form of vacation, or to extend a school holiday or vacation period; e.g., camping, skiing, etc., to participate in any labor dispute, personal gain, or to be taken by such numbers of employees which would be disruptive to programs or services. (revised 7/13)

Request for jury service leave should be made by presenting the official court summons to the appropriate department head.
- B. Leave of absence to serve as a witness in a court case shall be granted an employee when he/she has been served a subpoena to appear as a witness, not as the litigant in the case. The employee shall receive full pay during the leave period, provided that the witness fee for such leave is assigned to and the subpoena or court certification is filed with the SLOCOE. Request for leave of absence to serve as a witness should be made by presenting the official court summons to the department head.
- C. The jury service fee and witness fee referred to in A and B, respectively, do not include the reimbursement for transportation expenses.

- C. Classified employees who are members of reserve corps, and who must temporarily be absent due to active military training, shall be granted temporary military leave of absence not to exceed one hundred and eighty (180) calendar days.
 - 1. Employees who have been in the service of the SLOCOE for one year or more shall be granted such leave with the first thirty (30) calendar days at full pay, and they shall not suffer loss of benefits of any kind nor shall they lose any rights granted other employees due to the absence.

The employee shall be entitled to use her accumulated sick leave and disability benefits allowable under appropriate sections of the California Education Code on the same basis provided for any other illness, injury or disability. The following rules shall apply:

- A. The period of disability, including the date upon which the leave shall begin, shall be determined by the employee and her doctor.
- B. A statement from the employee's doctor as to the beginning date of such disability shall be filed with the Superintendent through the Director. This date shall be based on the employee's ability to render service in her current position.
- C. The date of the employee's return to service shall be based on her doctor's analysis and written statement of the employee's physical ability to render service and that she is no longer required to remain off duty due to her physical disability.
- D. Upon return from leave, every effort will be made to reinstate the employee to the same position held at the time the leave was granted. However, it shall be the right of the Superintendent to reassign the returning employee to a different position in the best interests of the office. (Education Code Sections 44965, 45193)

4770.12 Maternity Leave

In the event an employee desires a leave of absence for preparation for the birth of a child or for continued child care after the birth, she may apply for a maternity leave by submitting a written request to the Superintendent.

The following rules shall apply:

- A. Such leave may be granted at the discretion of the Superintendent and shall be considered as unrelated to the possible disability of the employee.
- B. Leave for this purpose shall be granted without pay.
- C. The time allowed for leave under this rule shall be based on the needs of the office and may consider such

aspects as the time of the school year, the availability of qualified substitute personnel, and the specialized requirements of the individual students and program.

- D. Upon return from leave, every effort will be made to reinstate the employee to the same position held at the time the leave was granted. However, it shall be the right of the Superintendent to reassign the returning employee to a different position in the best interests of the office.

 - 2. The granting of a leave of absence without pay gives to the employee the right to return to his/her classification at the same number of hours per day at the expiration of the leave of absence, provided that he/she is physically and legally capable of performing his/her duties; but a particular assignment may not be held for an employee on a leave of absence without pay. (Rev. 3/19/93)
- B. The Superintendent or Director may, for a good cause, cancel any leave of absence except military leaves by giving the absent employee due notification. The employee may appeal the cancellation to the Personnel Commission which shall investigate and hear the appeal. The appeal by the employee will stay the cancellation directive of the Superintendent until action by the Personnel Commission which shall be final and binding.
- C. An employee may make a written request to the Superintendent or Director to return to work prior to the expiration date of the leave. The Superintendent may approve or reject the request.
- D. Failure to report for duty within five working days after leave other than a military leave has been canceled or expires shall be considered abandonment of position, and the employee may be terminated. (Rev. 5/17/02)

4770.14 Compulsory Leave

- A. The appointing authority may require an employee whom it deems incapacitated for work due to illness or injury to submit to a designated physician for examination and may require the employee to take such leave of absence as will be necessary to fit himself/herself to perform his/her duties.
- B. Sex and/or Narcotics Offenses
 - 1. The appointing authority shall require an employee who has been formally charged in a court of competent jurisdiction with the commission of any acts defined in Education Code Sections 44010-44011 involving a sex or narcotics offense to take a compulsory leave of absence pending determination by way of a plea, finding, or verdict at the trial court level as to the guilt or innocence of such employee.
 - 2. If there is a determination of innocence, the employee shall be reinstated to his/her position with return of all benefits, including salary, that were due for the period of compulsory leave.
 - 3. If there is a determination of guilt, the appointing authority shall take appropriate disciplinary action as provided for under Rule 4769, Disciplinary Action. Such disciplinary action shall be imposed effective as of the commencement date of the compulsory leave imposed under this section.

4770.15 Leave to Serve in an Exempt, Temporary, or Limited-Term Position

- A. Any permanent classified employee who accepts an assignment within the SLOCOE in an exempt, temporary, or limited-term position shall, during such assignment, be considered for status purposes as serving in his/her regular position, and such assignment shall not be considered separation from service.
- B. The employee may, with the approval of the appointing authority, voluntarily return to his/her position in the class of the employee's permanent status prior to the completion of service in an exempt, temporary, or limited-term position. Failure to complete the required service, unless approved as specified herein, will

constitute grounds for disciplinary action by the appointing authority.

4770.16 Leave of Absence for Retraining

- A. To be eligible for retraining leave, an employee must:
 - 1. Have served at least three years in the SLOCOE.
 - 2. Be serving in a position which the SLOCOE contemplates abolishing or show that the retraining will clearly benefit the SLOCOE.
 - 3. Indicate a willingness to undergo the prescribed training program.
 - 4. Indicate a willingness to serve the SLOCOE for at least two years after successful completion of the retraining program.
- B. The Superintendent shall prescribe the retraining program and may provide the program internally or designate the institution or place where the program is to be given.
- C. The employee shall be considered a permanent employee for all purposes during the period of the retraining program and shall receive his/her normal compensation and benefits. The Board may prescribe duties, if any, to be performed by the employee on behalf of the SLOCOE during retraining leave.
- D. The Board shall provide for reasonable expenses necessary for the prescribed retraining but may recover costs from the employee if he/she fails to complete the prescribed retraining program.
- E. The Board may establish retraining programs for purposes other than outlined in this rule and grant leaves of absence for retraining in the same manner as for study leaves of absence, except that the three-year service requirement shall prevail. Such programs must be endorsed by the Commission and must be available to all qualified employees of the SLOCOE, except that approval for such leave shall be discretionary with the Superintendent.

4770.17 Transfer of Sick Leave from Another District

- A. Any classified employee of any school district or county superintendent of schools who has been employed for a period of one calendar year or more whose employment is terminated for reasons other than action initiated by the employer for cause and who subsequently accepts employment with the County Office of Education within one year of such termination of his/her former employment shall have transferred with him/her to the SLOCOE the total amount of earned leave of absence for illness or injury to which he/she is entitled under Education Code Section 45202. This transfer shall be in the same manner as is provided for certificated employees. Previous service shall not be construed to have been served with the SLOCOE for seniority purposes.
- B. The Board shall not adopt any policy or rule, written or unwritten, which requires all classified employees, or any individual classification, or group of classifications of employees transferred to its districts to waive any part or all sick leave benefits which they may be entitled to have transferred in accordance with this section.

4771 LAYOFF AND RESIGNATION

It is the intent of the following sections to keep the employee being laid off as "whole"* as possible. (Added 3/28/91)

4771.1 Procedure Regarding Lay-Off

For classified non-management employees only (added 9/28/11):

- A. When classified employees are laid off for lack of work or lack of funds, the order of lay-off within the class shall be determined by seniority. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Seniority will be based on date of hire without consideration of total numbers of hours worked, regardless of any leaves of absence.
- B. In the case of a tied seniority date in the current classification, the employee with the earliest date of hire at SLOCOE will have the higher seniority. Should a tie still exist, the employee with the highest number based on the last 4 digits of the social security number will receive the higher seniority (for example, 5819 is higher than 3515). Should the digits (and, therefore, the number created) be identical, the first number to the left will be included (for example, 65819 would be higher than 55819).
- C. Emergency, limited-term and provisionally appointed employees shall be laid off before any regular

- classified employees within a classification.
- D. An employee who is laid off due to lack of work or lack of funds shall have the right to displace (bump) the least senior employee with the same or greater total compensation in the current classification. (Total compensation is based on months and hours worked plus benefit costs for the position). If there is no equal or greater position available in the current classification, the employee will be given the option of displacing into the position with the greatest total compensation in their current or previously held classification.
 - E. Any classified employee who is displaced (bumped) by an employee with greater seniority shall have displacement (bumping) rights outlined above as though s/he were laid off for lack of work or funds.
 - F. An employee who has accepted a voluntary demotion in lieu of layoff shall be granted the same rights as persons laid off and shall retain eligibility to be considered for reemployment for an additional period of up to 24 months; provided that the same tests of fitness under which they qualified for appointment to the class shall still apply.
 - G. An employee who has accepted a voluntary demotion or transfer to a previously held position in lieu of layoff shall be placed at the step closest to their current salary without exceeding the salary for the range of the new classification.
 - H. An employee who has accepted a voluntary reduction in assigned time to remain in their present positions rather than be reassigned, shall be granted the same rights as persons laid off and shall retain eligibility to be considered for positions with increased assigned time (and without limitation of time) for an additional period of up to 24 months.
 - I. Persons laid off because of lack of work or lack of funds are eligible for reemployment for a period of 39 months and shall be reemployed in preference to new applicants. Persons on the reemployment list shall be ranked by seniority, and shall be reemployed in the reverse order of the layoff. In addition, such persons laid off have the right to participate in promotional exams within the period of 39 months.
 - J. A regular classified employee who is reemployed in a previously held classification shall be appointed at the same step which he/she held at the time of layoff. See seniority section for effect on seniority accruals.

For classified management only:

It is the intent of the following sections to keep the employee being laid off as "whole"* as possible. (Added 3/28/91)

- A. When classified employees are laid off for lack of work or lack of funds, the order of lay-off within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. For purposes of this rule, for service commencing and continuing after July 1, 1971, "length of service" will be based on date of hire without consideration of total numbers of hours worked whether during the school year, a holiday, recess, or during any period that a school is in session or closed. In the case of a tie after application of the above, the employees will draw lots to determine preference.
- B. Emergency, limited-term and provisional employees shall be laid off before any regular classified employees within a class.
- C. Persons laid off because of lack of work or lack of funds are eligible for reemployment for a period of 39 months and shall be reemployed in preference to new applicants. In addition, such persons laid off have the right to participate in promotional exams within the period of 39 months.
- D. Reemployment shall be the reverse order of lay-off.
- E. All time spent on approved leaves with pay and on military leave shall count toward seniority accrual.

*"Whole": The concept of keeping an employee who must be laid off and who wishes to exercise bumping privileges, as financially intact as possible. Example: A full-time, 12-month employee shall be entitled to bump the least senior full-time, 12-month employee in an equal or lower class within the same job family; a 6-hour/day, school-year employee shall be entitled to bump the least senior 6-hour/day, school-year employee in an equal or lower class within the same job family, etc. (Rev. 3/28/91)

4771.2 Rights of Employees Laid Off for Lack of Work or Funds

In addition to the procedure and rights prescribed above, regular employees in the classified service shall have the following rights:

- A. **Displacing (Bumping)**. A permanent or probationary employee in the classified service who is laid off from a class and who has previous service in an equal or lower class within the same job family shall have the right to displace (bump) an employee with the least seniority in that class, provided that the person being displaced has less seniority than the person being laid off. (See appendix for job family groupings.) Displacement (bumping)

into a lower class shall be considered a voluntary demotion and salary placement shall be determined accordingly. (Rev. 7/2/93)

Any classified employee who is displaced (bumped) by an employee with greater seniority shall have displacement (bumping) rights as though he were laid off for lack of work or funds. Laid-off employees do not accumulate seniority credit while on the reemployment lists.

- B. **Voluntary Demotion or Transfer.** A permanent or probationary classified employee who will suffer a layoff for lack of work or funds despite the exercising of displacing (bumping) rights in order to avoid layoff may accept a voluntary demotion to a vacant position in a lower class or transfer to an equal class, provided that he/she is qualified to perform the duties thereof and provided further that the appointing authority approves the voluntary demotion.

An employee who has accepted demotion in lieu of layoff has the right to be reemployed, in accordance with his/her seniority, in a vacant position in his former class within 39 months after demotion. Intervening reassignments to other classes shall not abrogate that right. If he/she has not been reemployed in his/her former class within 39 months, he/she shall be eligible for appointment to a vacant position in that class without examination for an additional 24 months at the discretion of the appointing authority.

4771.3 Limited-Term Positions

- A. No regular employee shall be laid off from any position while employees serving under limited-term appointment are retained in positions of the same class in the same organizational unit unless the regular employee declines the limited-term position.
- B. Limited-term employees may be laid off at the completion of an assignment without regard to the procedure set forth in this rule.

4771.4 Resignation

- A. When an employee desires to resign from his/her position, the employee shall present a written resignation to the department administrator, with a copy to the employee's immediate supervisor, a minimum of two weeks prior to the effective date of resignation. The department administrator shall immediately contact the Director informing the Director of the resignation, and the original resignation shall be submitted by the department administrator to the Human Resources Department. The department administrator shall sign the original copy and forward the original to the Director of Personnel.
1. A resignation from a SLOCOE position without concurrently holding or obtaining another permanent position within the SLOCOE is a resignation from the SLOCOE. The resignation does not impair his/her rights to other positions which he/she may hold on eligibility lists except that an employee who resigns shall have his/her name removed from promotional eligibility lists.
2. An employee resigning after 6 months or 130 days in paid status, whichever is longer, is entitled to all accrued vacation leave. (Rev 12/19/01)

4772 DISCIPLINARY ACTION AND APPEAL

4772.1 Causes for Reprimands, Suspensions, Demotions, and Dismissals

The Y-Rate shall be terminated on the earlier of the following:

On the date the Y-Rate terminates, the employee's salary shall be determined by the salary range assigned to the lower class.

The only exception to this appears in Rule 4634.3 and applies to reclassification only.

4881.1 General Provisions

Section 2, Chapter 10.7 of Division 4 of Title 1 of the Government Code (Sections 3540-3549) and subsequent modifications and revisions, wherever applicable to classified employees, shall serve as the basis for the maintenance of appropriate employer-employee relations within the SLOCOE.

A. Purpose and Definitions

1. The purpose of this chapter is to promote the improvement of Human Resources management and employer-employee relations within the State of California by providing a uniform basis for recognizing the right of public school employees to join or refrain from joining organizations of their own choice; to be represented by such organizations in their employment relationships with public school employers; and to select one employee organization as the exclusive representative of the employees in an appropriate unit. Nothing in the Chapter (10.7) shall be deemed to supersede other provisions of the Education Code and the rules and regulations of public school employers which establish and regulate a merit system, so long as the rules and regulations or other methods of the public school employer do not conflict with lawful collective agreements.
2. All definitions contained in said Chapter are hereby incorporated into these Rules by this reference.

B. Unlawful to Strike or Engage in Other Related Activities

1. Government Code Section 3549 specifically provides:

The enactment of this Article shall not be construed as making the provisions of Section 923 of the Labor Code applicable to public school employees.

Furthermore, it is the law in California that public school employees may not strike nor may they engage in other related types of activities in order to attempt to resolve grievances or differences, real or fancied.
2. Any employee or groups of employees, either by their own initiative or through an employee organization, leaving their duty assignment or refusing to perform or failing to report to duty as a result of a strike or other concerted labor activity may be considered as having abandoned their positions and terminated from employment. Any such employee shall not be eligible for reinstatement or subsequent employment with the SLOCOE.
3. Any classified employee who is absent from duty, for any reason, during the period of an unlawful strike, sit down, slowdown, or other concerted labor activity may be required by the Superintendent or his designee to provide satisfactory evidence that such absence was lawful and in no way an effort on the employee's part to further the strike or concerted labor activity.

4882 POLITICAL ACTIVITY

4882.1 Intent

The Commission's intent and purpose in enacting the following rules is to allow employees their lawful privilege of political freedom and activity, but and to ensure that political activities are not engaged in during normal duty hours and normal duty assignment. The SLOCOE has a reasonable obligation to make certain that personnel are aware of their political rights and can exercise those rights but, at the same time, to ensure that its employees do not wrongfully use their duty hours or SLOCOE facilities for political purposes. (Rev. 8/20/97)

4882.2 Political Activity Freedom

Every classified employee may, during off-duty hours, participate in political activities not specifically prohibited by law. It is, however, the responsibility of the SLOCOE to ensure that employees do not wrongfully use their duty hours or office facilities for political purposes. (Rev. 8/20/97)

4882.3 Cause for Disciplinary Action

Any employee may be disciplined for improper political activity. Improper political activity includes:

- A. The use of any SLOCOE property, equipment, or facility for any political purpose unless the use thereof is authorized, by law, for such purposes and the employee has obtained prior required approval.
- B. The use of any SLOCOE property, equipment, or facility for any political purpose or the performance of any political act during regular hours of duty.
- C. Engaging in active campaigning on behalf of any candidate, including himself/herself, for public office, whether by speaking, soliciting funds or support, distribution of handbills, or otherwise, during assigned hours of employment.
- D. Attempting to gain any advancement or privilege in the employee's employment relationship with the SLOCOE through political activity. (Re. 8/20/97)

4882.4 Personal Candidacy

Any employee may be a candidate for any political office for which he/she may file without suffering any loss of employment status in the SLOCOE unless he/she violates the provisions of Rule 4882.3 and except as provided for in Rule 4882.5. (Rev. 8/20/97)

4882.5 Leave of Absence

An employee who files for a political office may request, and shall be granted, an unpaid leave of absence which shall commence not earlier than one month prior to the concerned election and continue until the election processes have been completed insofar as his/her candidacy is concerned. Such leave is required if the employee is a candidate for election to the County Board of Education. (Rev. 8/20/97)

4882.6 Election to a Political Office

An employee who is elected to a political office, the duties of which will clearly conflict with normal duty hours and assignment with the SLOCOE, may request, and shall be granted, an unpaid leave of absence which shall commence on the date he/she assumes the office and shall terminate not later than 30 days after the last day in the elected office. Reelection to the same office or election to a different office which provides reasonable continuity of elected public service shall cause extension of the approved leave.

An employee granted a leave under this rule may be used as a substitute employee during the period of the leave. He/she will be placed on (an) appropriate employment list(s) and notified that limited-term employment may be offered. (Rev. 8/20/97)

4882.7 Violations

Any person who willfully or through negligence violates the provisions of applicable Rules of the Commission, or the provisions of the Education Code, shall be subject to appropriate disciplinary action. Such action may include dismissal, suspension, or demotion as provided in these rules.

4883 NEW EMPLOYEE CLEARANCES

- A. Initial Employment
 - 1. Every person being initially employed by the SLOCOE, whether in a regular position, as a substitute, relief, limited-term, or provisional employee, shall be required to comply with the provisions of Education Code Section 49406.
 - 2. Prior to employment, each person is required to submit adequate proof that he/she has undergone a test for tuberculosis. The examination must have been conducted within a 60-day period preceding the date of employment. However, a person who transfers employment from another school district shall be deemed to meet this requirement if such person can produce a certificate which shows that he/she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him/her that it has such a certificate on file.
- B. After Employment

1. Every employee is required to undergo an examination to determine that he/she is free from active tuberculosis at least once every four years after employment. (Education Code Section 49406)
2. The SLOCOE shall maintain adequate records on each employee which indicates compliance with these rules and the law.

4883.2 School Bus Drivers

- A. In addition to any other examination that may be required by these rules, school bus drivers must have a valid school bus driver's certificate which requires a separate medical examination to meet the minimum medical requirements set forth by the Department of Motor Vehicles in Chapter 29b of the Driver's License Examiner's Manual of Procedure.
- B. The employee shall take the required forms (state and Local) to the physician (M.D.) retained by the SLOCOE. Subsequent billing for the physical examination shall be paid by the SLOCOE. In the event an employee does not pass the first physical examination, he/she shall not be allowed to operate school buses. The County Office of Education may refer the employee to another physician for a second opinion. If the employee does not pass the second physical examination, the Department of Motor Vehicles and the California Highway Patrol shall be notified. Should the employee pass the second examination, the employee must then take a third to confirm either the first or second examination. The choice of physician (M.D.), or physicians, shall be retained and paid for by the SLOCOE.

If there is a criminal record, the Director shall decide whether or not the person should be employed or retained in employment. (Rev. 8/20/97)
 3. If an employee is to be dismissed because of information disclosed on the criminal records report or if the Director desires that an eligible be removed from an eligibility list because of such information, the Personnel Commission shall be notified of the Director's recommended action and the reasons therefore and take action on the recommendation. (Rev. 8/20/97)

If action is taken to accept the recommendation, the Director shall notify the employee or eligible in writing the action taken or contemplated and the reasons therefor. The Commission shall provide the person with an opportunity to appeal the decision in writing within 10 calendar days of notification and may hold a hearing at its discretion. The decision of the Commission shall be final. (Rev. 8/20/97)
 4. Any criminal record report returned to this office from the California Bureau of Criminal Identification shall be kept in a locked and secure file and accessible only to the Director, or designee. (Rev. 8/20/97)

(Rev. 8/20/97)
- C. The employee shall have the right to inspect such material upon request providing such request and review are made when the employee is not required to render service to the SLOCOE.
- D. Whenever information is to be entered in an employee's file which is of a derogatory nature, the employee shall first be given written notice that he/she has ten (10) working days to review the information and comment thereon. Such review shall take place during normal business hours and without loss of pay to the employee.
- E. As a matter of policy, Federal laws granting right of access to personnel files are recognized, and employee rights thereunder are incorporated herein to these rules and policies by this reference.
