By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## About This School

- Principal, San Luis Obispo County Community

About Our School

Starting in the 2017-18 school year, the three community schools that served San Luis Obispo County were consolidated into one, San Luis Obispo County Community school and it remains the only community school serving the 3,616 square miles and 34,000 students enrolled in the ten local school districts in our county. Students are referred by the secondary schools in each of the ten local districts following expulsion and/or involvement in the Student Attendance Review Board (SARB) process and we provide countywide transportation to and from school. Though enrollment in our program has declined significantly over the years due to changes in state legislation and reduced referrals from local districts, San Luis Obispo County Community school serves approximately 100 students each year who benefit from individualized and direct instruction, flexible scheduling and the opportunity to earn accelerated credits in a small school setting with a variety of intensive resources to support students academically, behaviorally, and socio-emotionally and prepare them for life after graduation.

## School Description and Mission Statement (School Year 2023-24)

Most of our students have been affected by one or more significant life challenges, including substance abuse, homelessness, involvement with law enforcement, truancy, expulsion, poverty, academic failure and other various traumas, often leading to credit deficiency, hopelessness, engagement in negative behaviors and a general distrust of the educational system.
We have identified four major goals to support student learning in our schools. All four goals align to the Local Control Accountability Plan (LCAP), School Plan for Student Achievement (SPSA) and the plan required for accreditation for WASC:

- Increase academic rigor and learning for all students
- Increase student engagement
- Support transitions for all students, including foster and homeless youth
- Increase family/caregiver involvement

The mission of the SLOCOE Community school is to provide our students with a safe, structured and challenging educational
environment focusing on the whole student. Our Common Core Standards aligned curriculum is goal-oriented, integrated, flexible and designed to meet the diverse needs of our student population. Through collaboration with community partners, we deliver specialized services and programs that focus on academic achievement, goal setting and social responsibility to support successful student transitions whether it be back to their district of residence or into the community at large as a high school graduate ready to pursue college, technical training or a career.

We offer Career and Technical Education (CTE) courses to engage students in skill-building activities as well as thought-provoking classroom assignments that will help to build their confidence and increase their aspirations of future possibilities. As our program continues to grow, the opportunities for students to explore career goals, gain culinary skills, and obtain food safety and other workbased certifications will grow as well. Our Work Experience Education (WEE) program for students who have secured employment, provides them with the opportunity to earn school credits along with valuable work-based training while earning their paycheck.

A Multi-Tiered System of Supports (MTSS), including Positive Behavioral Interventions and Supports (PBIS), has been implemented at the school site to shape positive behavior. In addition, San Luis Obispo County Community school has three licensed mental health therapists available on campus to all students and families. We strive to make it the standard that all students participate in school-based Mental Health services. Therapists meet with students for ongoing individual and group therapy. They also provide flexible counseling services to any student needing extra support during the school day and offer family therapy and parent support. Our mental health services are provided with trauma-informed, strengths-based, and evidence-based practices.

## Mission Statement

To promote student success by supporting the work of local schools districts, delivering specialized student services, and providing countywide leadership and advocacy for the needs of all children.

## Vision Statement

San Luis Obispo County will be an educational community dedicated to preparing all children and youth for responsible citizenship, meaningful work, and lifelong learning.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

San Luis Obispo County Community School-Loma Vista site is the sole community school run by SLOCOE. The facility is safe and in compliance with state law. The Loma Vista site is owned by SLOCOE. Adequate funding is allocated to ensure the facility is designed to meet the needs of the students requiring a small, more individualized school setting.

## School Facility Good Repair Status

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAA for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAA for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAA for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.
Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.
Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

During the 2022-2023 school year, we had a full time CTE credentialed teacher, who offered an Introduction to Hospitality, Tourism and Recreation course. This course offers students the opportunity to learn about the hospitality industry which is an important industry in our county. Students earn industry certificates and learn about workforce skills, along with food service certification. Food Handler Certificates were earned by all students. Students are also provided the opportunity to complete driver's education. Students are exposed to a wide variety of career exploration courses through two-week hands-on career exploration labs, including such topics as Veterinary Health Care, Child Development, Home Maintenance Fundamentals, and Digital Manufacturing.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

## Opportunities for Parental Involvement (School Year 2023-24)

The administration and staff understand the importance of having parents, guardians and agency partners engaged in school. One of our goals in our Local Control Accountability Plan (LCAP) and School Plan for Student Achievement (SPSA) is to increase parent involvement. Upon enrollment, students and parents meet with the site administrator and any additional support staff, as appropriate. Expectations are explained and a plan is developed to help the student make a successful transition. Individual parent conferences are held in the fall and spring of each year. Parents complete yearly surveys covering school climate, parent engagement, technology and school/student needs. Parents are notified of student absences
with a daily phone call. Parents are encouraged to use community resources, including, but not limited to parenting classes, parent counseling, probation support and mental health supports. There are multiple school functions throughout the year including student awards assemblies and graduation. Parents have access to their student's information, including grades/credits, attendance and testing through the Aeries Parent Portal. The school uses ParentSquare to communicate, involve and collaborate with families for student success. Achievement and program data is also shared with educational partner groups at the School Site Council meetings which use the data to develop the yearly SPSA.

Parents who have students with disabilities are involved through the IEP process, which involves parents, school staff, local district representatives and community partners. Progress reports are provided as often as a general education student would receive progress and annual IEP meetings are held at least once a year with a full re-evaluation of the student occurring every third year.

## State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)
COEs are given the statewide graduation rate.

There is a current Safe School Plan in place for SLOCOE Community School which complies with all California Education Codes and is approved yearly by the School Site Council and the SLOCOE Board of Trustees. The Plan includes documents addressing the broad areas of school safety including suspensions/expulsions, California Healthy Kids survey, attendance data, LCAP and other programs provided for high levels of school safety. Also included are child abuse reporting, disaster procedures, drills, procedures leading to suspensions/expulsions, procedures notifying teachers of dangerous pupils and procedures for reporting many other safety issues. A Safety Committee meets monthly to ensure that safety issues are addressed. Staff members are trained in First Aid, CPR, back safety, medication administration, blood borne pathogens, use of fire extinguishers, the use of emergency response procedures (Crisis Intervention Training) and Nonviolent Crisis Intervention. Monthly safety updates are sent to staff. SLOCOE has a Safety Incentive program to promote workplace safety, which includes promoting safe school/work sites.

## D. Other SARC information

The administration and staff of the SLOCOE Community School strive to provide the assistance needed to ensure that our students succeed. Due to the nature of our population, we have a low adult to student ratio, with many agency representatives present on campus and available to students throughout the day (probation officers, mental health staff, etc.) We operate an MTSS for academics, behavior and social emotional support for students. All students are offered additional help and support. Academic, behavioral and social emotional data assist the administration and staff with adjustments to schoolwide interventions, as well as implementation of programs to meet individual needs. SLOCOE employs a foster/homeless liaison whose job is to focus on the unique needs of our foster and homeless students and help them navigate transitions.
