2023–24 School Accountability Report Card
Reported Using Data from the 2023–24 School Year
California Department of Education

Address:	3360 Education Dr. San Luis Obispo, CA , 93405-7816	Principal:	William Hanham, Principal
Phone:	(805) 593-3186	Grade Span:	PS-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About Our School

The staff assigned to the San Luis County Special Education school are committed to meeting the diverse learning needs of all students. They understand the importance of students attending school regularly and are committed to working with local school districts, agencies and educational partners to provide students and families the assistance they need in order for students to be at school and ready to learn. This report card provides parents, guardians and the community with valuable information regarding the San Luis County Special Education school which serves students with disabilities.

This annual report will provide information on a variety of topics, including student achievement, school safety, teacher/staff information, curriculum and instructional materials. We continue to develop and implement new programs and instructional approaches that address California Common Core State Standards (CCSS), as well as the social emotional needs of our students. We believe that all students can and will learn, and we strive to provide the necessary structure and support so that all students can reach their potential. Parent and guardian involvement continue to be important aspects for success of our school. Our staff, students and parents work together to achieve the goal of promoting an environment where staff and students feel respected and safe. Through the implementation of Positive Behavioral Interventions and Supports (PBIS), students learn the importance of being responsible, safe and considerate. Parents can support success through encouragement and by supporting the message that regular school attendance is crucial to student success. Please take time to visit the additional links on our department website to learn more about our services to students in our special education programs.

We are committed to:

Providing quality educational programs and services to students with special needs

Promoting excellence in our educational programs through training and professional growth opportunities for all staff members

Developing and enhancing a positive organizational climate

Intentionally establishing and maintaining positive relationships with families, care providers and the educational partners to assist families and the educational community

Implementing legislative mandates focused upon positive school attendance, high academic expectations and accountability for all students

Goals are to:

Increase academic rigor for all students

Increase student engagement

Support transitions for all students

Increase parent/guardian involvement

School Description and Mission Statement (School Year 2024–25)

Description of Programs and Services

The San Luis County Special Education school provides a wide range of special education programs and service options to students ages 3-22 years. Services to these individuals with unique learning needs are delivered in 4 classrooms which are located throughout San Luis Obispo County. There are 2 Deaf and Hard of Hearing classrooms, serving preschool through sixth grade, located on the Fairgrove Elementary School campus within the Lucia Mar Unified School District. There are two Intensive Therapeutic Learning classrooms, one serving grades 4-8 and the other serving grades 7-12, both located on a campus within the San Luis Coastal Unified School District. Within these programs, students have access to services that meet their unique individual needs. Services offered include, but are not limited to: health care, counseling, speech/language therapy, vision services, mobility instruction, occupational therapy, physical therapy, audiological services, deaf/hard of hearing services and Braille transcription.

Mission Statement

To promote student success by supporting the work of local school districts, delivering specialized student services, and providing countywide leadership and advocacy for the needs of all children.

Vision

San Luis Obispo County will be an educational community dedicated to preparing all children and youth for responsible citizenship, meaningful work, and lifelong learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

SLOCOE maintains safe buildings that are in compliance with state laws. Facilities are either leased or purchased by SLOCOE. Ongoing maintenance at all facilities continues to enhance the quality of students' educational opportunities. All sites have a rating of Good or better.

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: September 2024

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Fair	FGE DHH Room 4 - No white board - white board installation was scheduled
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	Good	
Electrical: Electrical	Fair	CJ Classroom 2 - Cover plate needs replacement
Restrooms/Fountains: Restrooms, Sinks/Fountains	Good	CJ Lounge Kitchen - Kitchen sink clogged - will need attention
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/Doors/Gates/Fences	Good

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	0%	0%	25%	20%	34%	35%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2023–24)

As with all of our programs, curriculum is adjusted to meet the individual needs of students. Each student in our program has an Individualized Transition Plan ("ITP") as part of the IEP that specifies educational and employment goals along with specific transition services. Through this process, the students have experiences that provide them exposure to interest inventories, career exploration and entry level job skills. Project-based learning is used as a way to connect the academics to real life. Students are exposed to a wide variety of career exploration courses through two-week hands-on career exploration labs, including such topics as Flight and Drone Technology, Video Production, and Robotics.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2024–25)

Parents and guardians play an important role in the education of their children. With their support, students' educational and social-emotional growth will be optimal. The parents/guardians of students enrolled in special education classes have various opportunities for involvement. The primary opportunity is the Individualized Education Program (IEP) plan which is reviewed at least annually and more often if needed. Included with each report card is written information regarding their student's progress on goals described in the IEP. Progress reports are provided as often as general education students would receive progress and annual IEP meetings are held at least once a year with full reevaluation of the student happening every third year. Information regarding program data, assessment results and school plans is also disseminated and available through the San Luis Obispo County Office of Education website. The school uses ParentSquare to communicate, involve and collaborate with families for student success. Achievement and program data is also shared with educational partner groups at School Site Council meetings and the School Site Council uses the data to develop the School Plan for Student Achievement.

Parents/guardians are informed of their student's progress in school on a daily basis through teacher communication, verbally or in writing. As partners in the educational process, parents/guardians provide additional opportunities to their children to practice learned skills. Parents and guardians are encouraged to attend special events such as Parent ASL classes, DHH Parent panels, DHH Family Picnic, Back-To-School Night, Open House and School Site Council meetings, all of which provide additional opportunities for parents and guardians to have positive input in their child's education. Please contact the Principal for additional information.

School Safety Plan (School Year 2024–25)

San Luis County Special Education school classrooms are located on multiple school sites, each of which maintain a current Safe School Plan (SSP). The SSP's are also reviewed by SLOCOE staff and are included in a safety binder for staff. Each classroom located on a district school site follows the emergency preparedness plan for the site. Regular practice drills are held to ensure that students and staff are able to successfully implement the safety plan through interagency collaboration. SLOCOE buildings have been subject to inspection by a specialist in health and safety procedures. Classrooms, playgrounds and access issues are continually assessed and upgraded as needed.

A Safety Committee meets monthly to ensure that safety issues are addressed. Staff members are trained in First Aid, CPR, back safety, medication administration, blood borne pathogens, use of fire extinguishers, the use of emergency response procedures (Crisis Intervention Training) and Nonviolent Crisis Intervention. Monthly safety updates are sent to staff electronically and they are required to respond that they have read the materials. SLOCOE has a Safety Incentive program to promote workplace safety, which includes promoting safe school/work sites.

Average Class Size and Class Size Distribution (Secondary) (School Year 2021–22)

The Average Class Size data has been modified to more accurately reflect the make-up of our classrooms. All classes in Special Education are self-contained, including secondary classrooms. All classes contain more than one grade level. Secondary classes are listed in the Elementary section because classes are not broken out by grade level and subject area. All data in this section is listed in the "Other" description. Class size data from previous years was revised to reflect a more accurate comparison from year to year.

Types of Services Funded (Fiscal Year 2023–24)

As determined by Individual Education Programs (IEPs), students may receive speech therapy, occupational therapy, vision services, physical therapy, deaf/hard of hearing services, audiological services, nursing services, behavior intervention, services to students with orthopedic handicaps and/or transportation services. Supplemental services and materials are also provided to students identified as English Learners.

Homeless and Foster Youth Services serve SLOCOE school programs. Homeless students are provided with connections to food and clothing, referrals to medical, dental and mental health services, tutoring and transportation to and from school. Foster students are provided with tutoring and high school to college counseling and mentoring. Services are offered to students and their families/caregivers to remove barriers to school environment, attendance and success.
