

California PBIS

2026 Recognized Schools

The [California PBIS](#) statewide recognition system acknowledges schools for implementing PBIS (Positive Behavior Interventions and Supports) with fidelity to the national framework. In order to achieve recognition, a school is rated in 7 areas of PBIS implementation:

- Focus on prevention by explicitly teaching expected behaviors to all youth
- Acknowledge and reinforce expected behaviors
- Intervene early
- Use of a multi-tiered model of service delivery
- Use evidence-based practices and intervention
- Monitor student progress to inform interventions
- Use data to make decisions and continuously improve

There are four levels of recognition: Bronze, Silver, Gold, and the highest honor, Platinum. 2,694 schools statewide will be honored at the annual PBIS state conference in Sacramento this fall. You can find a list of all CA schools recognized [here](#).

Thirty-five (35) schools in San Luis Obispo County earned state-level recognition this year. Their dedication and commitment to the students, families, and communities of their respective districts is a major contributing factor to the excellence in education in our county. These schools are committed to creating caring, safe, and inclusive schools to maximize academic, social and behavioral outcomes for ALL students. THANK YOU to the leaders and teams for all your hard work in bringing state recognition to San Luis Obispo County.
