Pathways

Innovations in Education

SLO Early Care and Education Planning Council

An advisory body to the County Board of Supervisors and County Superintendent of Schools. The Council plans for and promotes high-quality, accessible early care and education services for all children from birth through age 12.

Regional Technical Assistance Centers (RTAC)

The Golden State Pathways Program (GSPP) RTACs will provide technical assistance to GSPP potential applicants and grant recipients seeking to establish or expand their pathway programs.

College and Career Access Pathways (CCAP)

Partnerships between local high schools with community colleges that give students access to dual enrollment college courses while in high school.

CAM

The SLOCOE Communications and Media (CAM) Team promotes SLOCOE initiatives with video production, custom web development, professional audio engineering, and digital marketing.

SLO Partners provides a skilled talent pipeline
for hard to fill jobs by producing intensive
bootcamps for local students and residents.
